OUR VISION

Krishna Public School as flourishing institution has proved itself as a landmark in the field of education. The mission has always been 360 degree development of students. We nurture them with perfection and excellence. Our modus operandi aims to make them interactive, ethical, concerned, wise and progressive.

OUR MISSION

The mission of **KPS** has been to make a child competent and confident not only to earn livelihood but also to face the world. Our role lies in shaping of the personality of child into a healthy soul, who is not only equipped with 21 st century skills and aptitude required for academic excellence but helping him face the challenges of life in a balanced and harmonious way.

MRS. KUNJLATA TRIPATHI
(FOUNDER)
JANKI EDUCATIONAL ACADEMY

FROM THE FOUNDER'S DESK

Welcome to KPS - UTAI

Education is the one thing you cannot lose. It has a significant impact on how you develop. Grades and marks do not define a person's success in life; rather, pragmatic knowledge and depth differentiate a person as an exceptional human being. Life is an exciting journey, so embrace it and seize every opportunity that presents itself. A person who dreams lives. Don't be afraid to chase your ambitions; nevertheless, keep in mind that dreams only come true when you fulfill your commitments and understand your priorities.

The most important objective in life is to be a good person. Love, live, dream, and share your essence with the world.

MR. G.S. PANDEY
(PRINCIPAL)
KRISHNA PUBLIC SCHOOL - UTAI

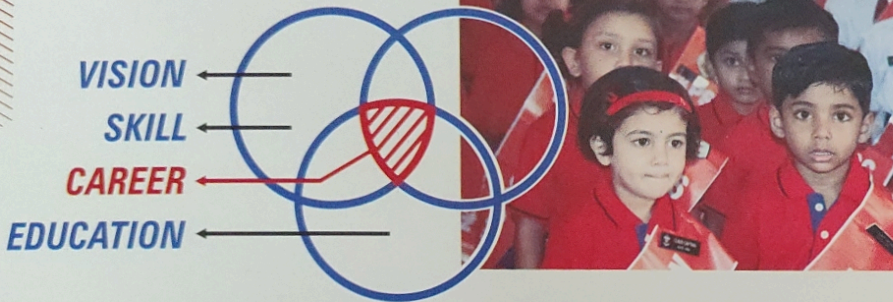

FROM THE PRINCIPALS'S DESK

KPS-UTAI focuses on our students' comprehensive growth and development. We provide holistic education that prepares our pupils to be lifelong learners and contributing members of society. As stated in the NEP 2020, our goal is to prepare students to be individuals who have a good impact on the communities in which they interact and live.

We gladly welcome all of our parents to join us in developing our children's social, emotional, and intellectual aspects so that they can grow up to be content and empathic adults. We work hard to focus on each child, monitor and mentor them, recognize their accomplishments, and help them to overcome their weaknesses. With God's blessing, we intend to continue teaching our children to cultivate balanced thinking, creativity, and compassion.

SKILL EDUCATION

Following the New Education Policy and keeping up with the rapidly evolving global landscape, **KPS-Utai** initiated skill education. This educational institution is a trailblazer in its profession, providing up to seven skill areas such as Coding, Artificial Intelligence, Yoga, and more, all aimed at preparing students for the future. The disciplines have been selected with consideration for current needs and to foster in the pupils an entrepreneurial spirit. From Grades 3 through 9, the following disciplines are offered as required coursework; in Grade 11, they are optional.

PEDAGOGY SCHOOLING

For All – Round Development , we prepare our students for

- Science Olympiad ■ Maths Olympiad
- English Olympiad ■ NTSE

We Nurture our Students by Attending Their Problems

- Consultation for “Handwriting and Reading Issues”
- Poor reading and writing Issues
- Disliking for reading and writing
- Inability to read and write continuously.....etc

Behaviour Analysis

- To analyze child's current mind set and behavior.
- To analyze parenting style and correction.
- To understand issues like stubbornness, shyness, introvert tendency, hyper activeness, slow learning, aggression , fears and reasons behind them.
